

(1) EU-Type Examination Certificate

according to Module B Paragraph 6.1 of PPE Regulation (EU) 2016/425

- (2) Regulation of the European Parliament and of the Council of 9 March 2016 relating to personal protective equipment (PPE) - Regulation (EU) 2016/425
- (3) No. of EU-Type Examination Certificate: **ZP/B020/23**
- (4) Product: **Anchor device type B**
Type: **Sked-Evac Tripod SK-700**
- (5) Manufacturer: **H2ResQ BV**
- (6) Address: **Industrieweg 36-04, 3606 AS MAARSSEN, THE NETHERLANDS**
- (7) Risk category: **III**
- (8) The design and construction of this personal protective equipment and any acceptable variation thereto are specified in the appendix to this EU type-examination certificate.
- (9) The certification body of DEKRA Testing and Certification GmbH, Notified Body No. 0158 according to Chapter V of Regulation (EU) 2016/425 of 9 March 2016, certifies that this personal protective equipment has been found to comply with the essential Health and Safety Requirements given in Annex II to the Regulation. The evaluation results are recorded in report PB 23-018. Other possibly applicable Union legislations applicable to the specified personal protective equipment have not been taken into account in this EU-type examination certificate.
- (10) The essential Health and Safety Requirements are assured in consideration of
- DIN EN 795:2012** **DIN CEN/TS 16415:2017**
- (11) This EU type-examination certificate relates only to the design, examination and tests of the specified personal protective equipment in accordance to Regulation (EU) 2016/425. For category III personal protective equipment, this EU type-examination certificate may only be used in conjunction with one of the conformity assessment procedures referred to Article 19 (c).
- (12) When applying the CE Marking according to Article 16 and 17 of Regulation (EU) 2016/425 to the products that conform to the types examined, the client is obliged to add, in accordance with the attached pattern, the identification number of the Notified Body engaged in the conformity assessment according to Module C2 or D. Furthermore, the manufacturer is obliged to issue an EU declaration of conformity in accordance with Article 15 of Regulation (EU) 2016/425 and to enclose it with the personal protective equipment, or to indicate the Internet address in the manual and in the instructions in Annex II, point 1.4., at which the EU declaration of conformity can be accessed.
- (13) This EU-Type Examination Certificate is valid until 2028-02-19

TRANSLATION

- (14) Appendix to
- (15) **EU-Type Examination Certificate**
ZP/B020/23
- (16) 16.1 Subject and type
Anchor device type B
Type: Sked-Evac Tripod SK-700

16.2 Description

The anchor device of type B, type Sked Evac Tripod SK-700 (Fig. 1), consists of three individual round aluminium tubes; these tubes make up the legs and are borne in a headframe by means of screws. The maximum height between the anchor point and the place of erection is 3000 mm.

The headframe is used to receive the legs and, at the same time, the three anchor points. Into each individual tube, a tube of a smaller diameter is inserted. This smaller tube can be adjusted to the outer tube by means of bolts and several, regularly distributed drill holes which are labelled. The bolts are secured by means of splints.

The inner tubes feature U-shaped profiles at the bottom ends which are movable in an axis. All three legs are connected at the bottom by means of a chain.

A person will be secured using at least two of the three anchor points in place in order to hold the user, where possible, below the gravity centre/balance point of the anchor device.

The anchor device is intended to protect maximum two persons.
